Exhibit 3

Below is a list of URLs of each article from the web domain rawstory.com contained in the OpenWebText training set described in the First Amended Complaint. A data scientist employed by Plaintiffs' counsel identified the articles by writing a code that searched through the subfolders at the website: https://mega.nz/folder/EZZD0YwJ#9_PlEQzdMVLaNdKv_ICNVQ/folder/cc4RgQQZ, which contains the links found in OpenWebText.

The text preceding each URL in the following list indicates the subfolder in which the URL is contained, and the line of the URL within that subfolder. For example, in the first item on the list, the URL http://www.rawstory.com/rs/2011/08/01/putin-u-s-a-parasite-on-the-world-economy/ is contained in the subfolder entitled RS_2011-08.bz2.deduped.txt, and is the 78th line of that subfolder.
